

828 SQUARE FEET
2 BEDROOMS
2 FULL BATHS

At the heart of this two-bedroom Jordan Cabin design is a warm fireplace, which adjoins an open living room and kitchen—making this cozy home the perfect gathering place. The living room is flooded with light from three large windows. You can choose your master bedroom, as both bedrooms access a large bath with private garden tub near the back of the house. The optional front porch adds a cool sitting area to this comfortable cabin.
